Teaching/learning and examination requirements	To be admitted to the final assessment, the student must have assessed results for independent study. A student who unjustifiably misses 25 percent or more of classroom hours of lectures and practical classes is not admitted to the final assessment. Students who have fully mastered all course topics, including any required reassessment, may participate in the final assessment. The final assessment may be conducted in test, assignment, written or oral form; at least 50 percent of the questions and assignments are formed from independent-study sources.
Scope of assessment criteria and procedure	Assessment criteria and procedure: Assessment is based on students' mastery of learning materials during the semester and in the final assessment. Students are assessed through tests, assignments, written and oral work. The electronic platform uses a 100-point system: 50 points are allocated to current assessment, independent study and midterm assessment, and 50 points to the final assessment. The current and midterm components include 60% current assessment and independent study and 40% midterm assessment. Students with a combined current and midterm result below 30 points are not admitted to the final examination.
Criteria for assessing student knowledge	Criteria for assessing student knowledge: • Independent-study assignments: 20 points in total, four assignments of 5 points each. • Current assessment: 10 points. • Midterm assessment: 20 points. • Final assessment: 50 points. • Total: 100 points. A student who earns 30 or more points in the final assessment is considered to have mastered the subject. The ECTS comparison table in the syllabus gives: A — 90–100; B — 80–89.9; C — 70–79.9; D — 65–69.9; E — 60–64.9; FX — 55–59.9; F — 0–54.
Course assessment criteria and procedure	Course assessment criteria and procedure: Students must have assessed results for independent study to be admitted to the final assessment. A student who unjustifiably misses 25 percent or more of classroom hours of lectures and practical classes is not admitted to the final assessment. All course topics must be fully mastered, including reassessment where required. The final assessment may be conducted in test, assignment, written or oral form, with at least 50 percent of questions and assignments formed from independent-study sources. Independent-study assignments are submitted and assessed through the electronic platform within the specified deadlines.
